### The Reason.

Discontented Wife—Several of the men I refused before I married you are richer than you are now.

Husband—Yes, and that's why.

—Boston Transcript.

### WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.

### Setting-Up Drill.

He—"Don't you think I ought to exercise my mind more?" She—"Yes! Why not take it outside?"—Cartoons Magazine.

### Freshen a Heavy Skin

With the antiseptic, fascinating Cuticura Talcum Powder, an exquisitely scented, convenient, economical face, skin, baby and dusting powder and perfume. Renders other perfumes superfluous. One of the Cuticura Toilet Trio (Soap, Ointment, Talcum).—Advertisement.

You can dodge responsibilities; but can you also dodge the result of your dodging?

## U. S. GOVERNMENT Says: You can ward off Malaria by taking the right kind of preventive.

Oxidine will keep off chills and fever. It is a splendid tonic. It is good for biliousness, headaches and that run down feeling. Take Oxidine all during the summer. Ask at any store.

Druggists

The Spirit of "Color Discard" glazes at you from certain walls. Discard casts its helpful shadows from unsanitary walls.

Cheerfulness, happiness, health, serene peacefulness, is the beautiful "Spirit" of Alabastine walls.

## Brighten Up Your Walls This Fall

Have the walls of your rooms cheerful and sanitary, to reflect cheerfulness instead of gloom. Have walls that will harmonize with rugs and furniture, colors that will enhance and not detract from your gowns and personal appearance.

# Alabastine

for Your Walls—Instead of Kalsomine or Wallpaper

Alabastine will give you that soft, pastel effect in neutral colors that so many are enjoying in the most attractive homes and public buildings. Alabastine is artistic, sanitary, durable and economical. Alabastine has distinctive merits recognized throughout the world; ready to mix and use by adding cold water.

## Our Decorative Service Department

Our decorative department has the ability to serve you, and the desire to do so. We have the experience of planning interior decorations for thousands of the best homes and that experience is yours for the asking. Remember, there is only one quality of Alabastine and it is a very economical cost.

You purchase the same identical material that goes into the home of the millionaire. The Alabastine packages always have the cross and circle printed in red and are identical in quality. This being the case, the question of whether your walls are artistically decorated depends on the proper treatment of colors.

Write us a post that you are interested and we will send you a Chart that may be easily filled in with the information that will enable our artist to work intelligently and there will be no cost or obligation on your part. Our reason is a properly decorated building is one of our best advertisements.

## Every Drop of Your Blood Should Be Absolutely Pure

Any slight disorder or impurities in a source of danger, as every vital organ of the body depends upon the blood supply to properly perform its functions.

Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are Rheumatism, with its torturing pain; Eczema, Tetter, Erysipelas; general disfigurement, skin diseases; general debility, which makes the strongest men helpless, and many other diseases for venereal diseases.

## TENNESSEE EVENTS

### Gathered from All Corners of the State and Told in Briefest Form

Ripley.—C. S. Carney, county court clerk, has been advised from the office of the state board of entomology at Knoxville that a number of men from that office will arrive in Lauderdale county soon for the purpose of inspecting strawberry fields. Those desiring their berry plants inspected, in accordance with the law, which will enable them to sell plants if their plants are free from insect pests, should notify C. S. Carney at Ripley.

Chattanooga.—Word was received here from Nathan Bedford Forrest, commander in chief of the Sons of Confederate Veterans, that Chattanooga's invitation to hold the annual reunion of United Confederate Veterans had been approved by Commander Van Zandt of the veterans. It is planned to hold the reunion the last week in October or first week in November.

Chattanooga.—Cam W. Duncan, formerly a member of the lower house of representatives from Bradley county, is authority for the statement that the republican party will probably pit Gov. Taylor against K. D. McKellar for United States senator in the next election. In the event Taylor does make the race for senator, he says, Commissioner T. F. Peck will be the republican candidate for governor.

Chattanooga.—Senator W. W. Craig of Lauderdale county has been in Chattanooga several days on legal business. While here the senator met a number of leading democrats and talked with them as to his probable candidacy for congressman in the Ninth district. Finis J. Garrett. He did not state that he would actually make the race but left the impression that he was considering it.

Memphis.—As far as highway robberies are concerned Memphis crime has dwindled perceptibly, police records showing not a single "stick-up" since Aug. 10, when four masked men held up the Ford Motor company's pay car and killed a policeman and special officer. "This is the best proof that the drive against crime in Memphis is taking hold," declared Inspector of Detectives Will T. Griffin.

Ripley.—The first bale of new cotton has been received in Ripley, 23 days earlier than last year, according to the record of William Tucker & Co. It was brought in by H. L. Rhoads from the farm of W. W. Craig, near Ashport. It was ginned by Tucker's gin, weighed 510 pounds and sold to S. T. Kirkpatrick. It brought a premium price of 20 cents per pound.

Chattanooga.—Following a meeting of representative business men here, it was voted to extend an invitation to the United Confederate Veterans to hold their annual convention here this year, and at the same time funds were pledged to cover a large share of the expenses of entertaining the old soldiers of Dixie.

Clarksville.—A total of over 27,000,000 pounds of tobacco valued at \$4,185,000 was handled in Clarksville from the 1920 crop, according to figures submitted to the Kiwanis Club. The total number of pounds in the entire Black Patch district was 143,000,000, valued at \$16,700,000. Of this amount the Springfield market handled 24,575,000, valued at \$3,386,000.

Chattanooga.—A company with R. F. Hymes, Con Milligan, Spaulding Hoffman, Sam McAllister and Miss E. Talbot, with a capital stock of \$20,000, was organized here to manufacture plate mirror glass. The company has purchased the branch factory of an Atlanta concern located in this city.

Jackson.—The first bale of new crop of cotton has been received in Jackson and sold to J. D. Mason at 17 1/2 cents to S. S. Tiffany & Co. The bale grades strict middling inch staple and was raised by Tom Jones on the Mason plantation.

McMinnville.—A Boy Scout troop is being organized in McMinnville with Dr. J. I. Simms as scoutmaster. For the present the troop will be made up of three patrols, with Rhea Dibrill Potter, Wayman Hillis and Charles Womack as patrol leaders.

Centerville.—Dixie Roland, aged 21 years, who escaped from the county jail here last June, was arrested by Sheriff C. D. Spence and Deputy Sheriffs W. M. Garner and S. R. Bond near the home of his brother in Maury county, a few miles from Kettle Mills.

Trerevant.—It is said that perhaps one of the biggest sorghum crops in the history of Carroll county will be made this season. The acreage is large and the crop is fine and the making of the syrup will begin soon. Most growers put up their sorghum in one-gallon buckets for winter use.

Milan.—The protracted meeting at Oakwood Missionary Baptist church, two miles north of here, has closed. There were many conversions, 16 additions to the church, five received by letter and 11 by immersion.

## FORD OFFER BEST WEEKS ADMITS

NONE OF OTHERS SEEM WORTH  
CONSIDERING ON ACCOUNT  
FINANCIAL STRENGTH.

### FARMERS ARE INTERESTED

German Scientist Quoted As Saying  
Muscle Shoals Nitrogen Fertilizer  
Chief Menace to German  
Superiority.

Washington.—The American Farm Bureau Federation, which is the largest aggregation of farmers in the country, has taken an interest in Henry Ford's plans for Muscle Shoals. It has sent a letter to the war department asking for all the bids received for this government property.

The war department has answered that outside of the Ford offer there are no bids backed by enough substantial financial strength to make them worth considering. So the question is simplified. Up to date it's Ford nobody.

It is of interest to know what one of the most prominent experts in Germany said about Muscle Shoals from the military standpoint. Dr. Caro is one of the two men who worked out the process of getting nitrogen from the air. He was made minister of munitions when the war began. He says:

"Far more dangerous (than the competition of nitrates from Chile) appears to be the possibility of competition with artificially fixed nitrogenous fertilizers produced in foreign countries.

"The largest of these (foreign nitrogenous) plants is located in the United States, in Alabama. Its situation is most excellent.

"It is connected with the ocean by means of the Tennessee river, which has been made navigable. It is situated at a source of almost constant water power, amounting to 400,000-horsepower, and is in a locality where all the raw materials of the cyanamide industry are found in the highest purity and at the lowest cost."

The farmers are interested in the waterpower, for its development in industry, but they are primarily interested in the question of whether or not this plant is to be used as to increase the productiveness of their soil.

### FOOD PRICES INCREASED.

Fourteen Cities Showed Gains of From 1 to 6 Per Cent During August.

Washington.—Retail food prices showed increases over July prices in 14 principal cities, according to statistics made public by the Department of Labor. In Philadelphia prices increased six per cent; in Chicago, Washington, New Haven, Bridgeport and Providence, five per cent; Kansas City, four per cent; St. Louis, Springfield, Ill., and Birmingham, Ala., three per cent; Peoria, two per cent, and Salt Lake City, Denver and Little Rock, one per cent.

### WOMAN GIVES UP FIGHT.

Candidate For Postmastership Lets Man Keep Post.  
Walnut Ridge, Ark.—Miss Sarah Marsh has given up the fight for the postmastership at Sedgwick, which has been a matter of interest in that community for the past few weeks.

E. K. Nutt, the present postmaster, refused to give up the post and the matter was referred to the department at Washington and, pending a decision from them, Miss Marsh decided not to go ahead with the matter. Nutt will remain in charge.

### "LADY BARBER" ON LINER.

She's There to Care for Bobbed Hair, Will Will Shave Males.  
New York.—The White Star Line has bowed to the call of bobbed hair. Hereafter, on the Olympic, a woman barber will be carried to care for the shortened tresses of the women passengers and to shorten the locks of those who decide to adopt this mode before they land at New York. The "lady barber" will also, on occasion, shave the mere male passengers. The innovation came after protests from men barbers on the Olympic who were driven to distraction by their women customers.

20,000 Want to Wed.  
Chicago.—There are 10,000 couples in Chicago who would like to get married this year, according to the statistics in the marriage license bureau, but they cannot find a reasonable priced apartment. Marriage licenses this year will total less than 40,000, whereas normally they should reach 50,000, Clerk Legner said.

### Woman With Infant Struck.

Memphis.—Mrs. Julian Nicholson, 30, was bruised severely when she was struck and knocked down by an automobile while she was carrying her year-old infant in her arms. The accident occurred at the intersection of East Parkway and Orleans and was witnessed by Mr. Nicholson. Police arrested Lester Johnson, driver of the car which struck Mrs. Nicholson, charging him with reckless driving. He was released upon posting a \$500 bond.

## MEXICAN OIL WAR COMES TO END

TAMPICO STARTS WORK SOON UNDER AGREEMENT—HAS SANCTION OF OREGON.

### AMERICANS ARE DELIGHTED

Leaders of Oil Firms Reach Complete Agreement—Expect No Further Trouble in Dispute Which Has Lasted For Years.

Mexico City.—Immediate resumption of oil operation in the Tampico region by American petroleum companies and the payment of postponed taxes, with the lifting of the government embargo upon the companies' funds and oil in storage, result from the agreement reached by government officials and the heads of five American oil concerns. There will be an immediate movement of oil from Mexico and after minor details have been adjusted a settlement will be reached of all the great petroleum problems which have vexed the Mexican government and American development companies for years.

The agreement reached in the conferences has the complete sanction of President Obregon, who described it as a "happy and satisfactory solution to all concerned." The American oil men who participated in the conferences asserted that they were contented with results obtained and were prepared to leave immediately for the United States.

Conferences between the Mexican government and five great American oil companies looking toward an adjustment of problems growing out of recent decrees regarding the export of oil from Mexico have been terminated, said a formal statement given out by Adolfo de Huerta, secretary of the treasury. "The result of these conferences have been satisfactory, without damaging the interests of the Mexican nation nor the international policy of Mexico and a decision favorable to both parties has been reached."

### ACCUSE LOUIS SWIFT, JR.

Violation of Prohibition Law Charged Against Packer's Son.

Chicago.—Louis Swift, Jr., son of Chicago's millionaire packer, is under a \$2,000 bond to appear in court in Zion City on a charge of violating the prohibition law. He was arrested by Oversee Voliva's police as he motored through the town with Dr. George E. Neovius en route to Milwaukee.

Malcolm Robinson, the policeman who made the arrest, charged Swift and his friend stopped the car and were drinking from flasks. He said he found six quarts of whisky when he searched the automobile. Charges of transporting liquor were made against Swift and Dr. Neovius. They were released on \$2,000 bond each. A bond of \$2,000 was required for release of the automobile, which the police claim will be confiscated if the charge of transporting liquor is sustained.

### CAPTURE MOPLAH LEADER.

Forty Tribesmen and Several British Soldiers Killed in Tirirangadi Clash.  
Calicut, British India.—About forty Moplah tribesmen and two British soldiers were killed in the fight of several hours at Tirirangadi which resulted in the capture of Allmudallier, the rebel leader, and thirty other Moplahs. Four British soldiers were wounded. Explosive material and a number of carbines, knives, swords and other weapons were captured. Another leader and two rebels have been arrested at Tanur. Fears are entertained for the harvest, owing to the paralysis of labor.

### Old Cook Stoves Pass.

Jefferson City, Mo.—The old-fashioned cook stove, once a necessity for every housewife, is passing away from Missouri farm homes. This fact is evidenced in a survey made by E. A. Logan and Jewell Mayes of the Missouri Co-operative Crop Reporting Service. According to the report, Missouri farm wives are cooking on gasoline and oil stoves as well as fireless cookers.

### Bank Hasn't Failed.

Graham, Texas.—Officials of the Graham (Texas) National Bank declare that although Frank MacDowell, until recently an officer of that bank, was under a charge of embezzlement, recent reports that the bank had failed were erroneous. MacDowell was arrested in New York by Department of Justice agents and is being held there for officials of the Department of Justice at Dallas.

### DOCTOR ADMITS KILLING.

Hadley Confesses Murder of His Wife Two Years Ago.

Denver, Colo.—Dr. Wilmer A. Hadley, arrested last week in Farmington, N. M., after being sought for two years, has confessed to slaying his wife, Mrs. Sue Hadley, in Richmond, Va., according to operatives of a private detective agency here today. Dr. Hadley was brought here from Farmington and is awaiting the arrival of Virginia authorities.

## PLANE WITH FIVE LOST IN MOUNTAINS

NOT A TRACE FOUND OF WRECKED ARMY CRAFT—RAN INTO SEVERE STORM.

### WENT DOWN IN TAIL SPIN

Other Aviators Describe Fall of Bomber, Doing Duty in West Virginia Mine Fields—Crashed in Storm. Traveling 70 Miles Hour.

Charleston, W. Va.—Searching parties are afoot and in the air in an effort to locate two officers and three enlisted men who fell in an army bombing plane somewhere in the rugged country south of Poe, W. Va.

No word as to their fate has been received. The machine, piloted by Lieut. H. L. Spöck, and carrying Lieut. Fitzpatrick and three enlisted men, said to have been Sergt. Arthur Brown of Kentucky, Corporal Alexander Hazleton, Wilmington, Del., and Private Howard, of San Francisco, was traveling with two other planes to Langley Field, Va., from Charleston when it fell.

The three big planes were flying in formation, the ill-fated bomber leading and the others trailing as closely as the violence of the electric storm which was raging would permit.

One of the men aboard plane No. 24 declared on reaching here that he had clearly seen each successive detail of the tragedy which fliers fear may have spelled death for all men aboard. This was Private Ryston F. Zambro, of Jagerstown, Md.

The fleet was traveling about seventy miles an hour at the time, he said.

"Plane No. 5 was directly in front of us," said Zambro, "and from our observations we saw that the pilot was making a definite left bank, with the evident intention of returning to the field in Charleston.

"The storm had been raging with vigor.

"After making the bank he went into a nose dive and before he could recover the machine was in a tail-spin. For the size of the plane and her weight her fall was comparatively slow. The plane went straight downward.

"The country in that immediate vicinity is very mountainous and we circled around with the intention of landing, but found it impossible. We glided as far down as would permit safe flying and saw that the tail of the big machine was pointing downward, indicating a nose dive clear to the ground."

### SILVER WILL STAND FIRM.

Director of Mint Predicts It Will Not Fall Below \$1 an Ounce in 5 Years.

Denver, Colo.—Raymond T. Baker, director of the United States mint, here on an inspection trip, predicted domestic silver would not fall below \$1 an ounce within the next five years on account of a reduced production and that an increased demand in Europe and the far east would send the price still higher.

Mr. Baker predicted the output of silver for next year would not exceed 40,000,000 to 45,000,000 ounces.

The present output of the Denver and San Francisco mints is to be increased greatly, he said. The Denver mint is producing 75,000 silver dollars daily on a regular shift. This is to be increased to 250,000 dollars daily with extra shifts, Mr. Baker said.

### THEATRE MANAGER SLAIN.

Bandit Kills in Attempt to Rob Cashier in Jacksonville.

Jacksonville, Fla.—George H. Hickman, manager of the Palace theatre here, was shot and killed by a bandit who attempted to hold up the theatre's cashier. The bandit was caught after a chase, in which several hundred persons took part. Hickman, who had been identified with the Lynch theatrical interests for several years, is said to have come here from Nashville, Tenn. His home is understood to have been at Richmond, Va. He was unmarried.

### ROBBED BY UNEMPLOYED.

Kentuckian Seriously Wounded at Pirkenhammer, Czechoslovakia.

London.—Carl Orlamunder, of Louisville, Ky., was shot and seriously wounded and robbed in the town of Pirkenhammer, near Carlsbad, Czechoslovakia, by one or two unemployed shop assistants who enticed him to visit Pirkenhammer from Carlsbad, where he was stopping. Both of his assailants were arrested.

### Rail Bill Will Make Jobs.

New York.—Employment of a million men by the railroads of the United States would follow the passage by congress of the Townsend-Winslow railroad funding bill, Eugene Meyer, Jr., managing director of the war finance corporation, asserted in a statement in which he considered means to remedy the present unemployment problem. He said he believed his estimate of one million men was conservative.
